Cocoons™ Fit-Over Sunglasses

Real Sunwear for Real People!

COCOONS™

Cocoons are offered in six patented styles that are precision engineered using OverRx® design principles to deliver 360° of Advanced UV Protection®. OverRx® is the science of engineering performance sunglasses that deliver unparalleled protection. All OverRx® models can be worn over prescription eyewear or as conventional sunglasses.

Cocoons sunglasses feature Polare™ polarized lenses that provide complete protection from the harmful effects of UV A&B rays, and cut harsh glare. Adjustable Flex2Fit™ temples deliver a precise fit that eliminates discomfort when worn for prolonged periods of time. The patented styles are lightweight and extremely durable.

All Cocoons include a custom soft neoprene case and large lens cloth.

C202 39.95

*To place an order call
1-888-833-8875 or visit us at
www.elderstore.com*

Flex2Fit™ temples are designed to allow the wearer to manually adjust the shape and curvature of the temple to best suit their needs. The temple can be adjusted easily and will remain in position, delivering a comfortable and secure fit. Flex2Fit™ temples eliminate the need for an additional eyewear retainer, unless the sunglasses are to be used in high turbulence conditions such as open cabin boats etc. Cocoons sports straps are available as optional accessories for more adverse conditions.

Flex2Fit™ Temples

Impact resistant polycarbonate side shields are optically correct and permanently injected for the lifetime of the frame. Side shields are warranted to never rattle, shrink or displace.

*Isolate your
eyes in a cocoon
of filtered light!*

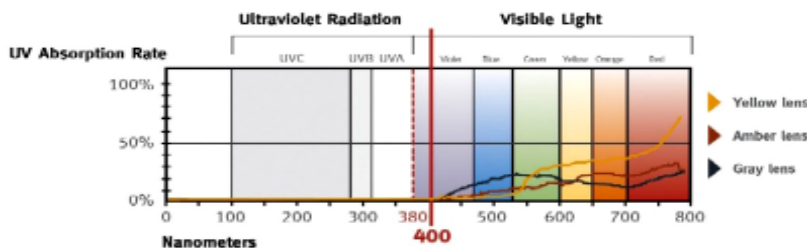

Cocoons™ Fit-Over Sunglasses

Available in...

3 frame styles

3 lens colors

and 6 sizes!

Polarization is similar to a chemical Venetian blind, rearranging light and allowing you to see “through” harsh glare and reflection. When wearing 100% polarized lenses, eyestrain is reduced, allowing your eyes to remain relaxed and focused on the task at hand. The elimination of glare provides a tranquil “cocoon” for your eyes, improving visual acuity and enhancing depth perception. Live Eyewear polarized lenses are scratch resistant, deliver complete UV A&B protection and are optically correct, which is especially important when wearing a polarized lens over a prescription lens. They deliver all the advantages of polarization without interfering with your corrective lenses.

Finding Your Size

To select the correct size, measure the total width and height of your prescription eyewear frame at the widest point for each measurement - OR - measure the maximum width and height of your prescription frame to find the pair of Cocoons that fits best.

Small - Streamline

Fits over Rx frames measuring less than 4 7/8" wide x 1 3/8" high

Mini-Slim

Fits over Rx frames measuring less than 4 7/8" wide x 1 5/8" high

Medium - Slim Line

Fits over Rx frames measuring less than 5 1/4" wide x 1 1/2" high

Medium/Large - Wide Line

Fits over Rx frames measuring less than 5 5/8" wide x 1 3/8" high

Large - Pilot

Fits over Rx frames measuring less than 5 5/8" wide x 1 7/8" high

Extra Large - Aviator

Fits over Rx frames measuring less than 5 1/2" wide x 2" high

Reading & Writing Aids

Communicate Clearly!

A. Arthwriter Hand Aid

Whether you have Arthritis or other hand or finger disabilities - even missing fingers - the Arthwriter Hand Aid can help you comfortably write, eat, groom yourself, and perform many other daily activities. Also helps those with an arm in a cast. Simply insert the handle of any pen, pencil, toothbrush, etc., into the hole and tighten the thumbscrews. Also works on motorized wheelchair control sticks. 3" diameter with a 3/4" hole through the center. One end is flat to prevent rolling. Weighs only 2 oz.

MA73514 9.95

Redesigned
for greater
stability!

B. Steady Write Sta Pen

A unique writing instrument for right or left hand use. Custom made, easy flow, ball point pen is permanently attached to a molded triangular brace with a solid base that balances and guides the hand as you write.

MA73508 12.95

Ink Refills (pkg of 3) 2.25

C. Weighted Universal Holder for Pens or Pencils

This weighted holder will securely hold most round or irregularly shaped items from 1/8" to 7/16". Weighs 8oz. and has finger indentations for ease and comfort when holding. Works well for those with Parkinson's or other conditions with hand tremors.

KE40005 23.95

D. Type Aid

Special product to depress the keys on a variety of keyboards. Eliminates the need for hand dexterity for those with limited or no hand mobility. The depressor will not damage machine keys. Can be used on typewriters, computer keyboards, adding machines, calculators and telephones. Overall length is 7-1/2".

MA73510 22.95

E. Page Turner or Key Board Aid w/Wrist Cuff

The Page Turner features a soft foam rubber palm grip contoured for comfort and a 1" wide hook and loop adjustable wrist band. The special curve of the wand ends with a foam rubber pad that easily turns pages or large sheets. Also used on keyboards or phone pads.

MA73216 23.95

F. Standing Page Magnifier

The legs on this page magnifier hold it the perfect distance for reading, writing or any close work, keeping your hands free. Conveniently folds for storage or travel. Framed in light wood. Magnification 2.5. Dimensions: 10.5" x 7.5". Actual page magnifier is 9.5" x 6.5".

INC1140 17.95

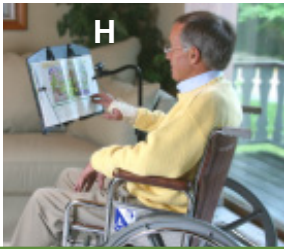

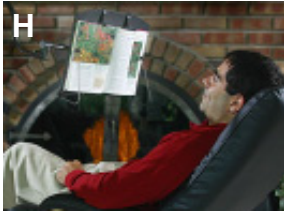

G. Hold and Read

The folding clip holds both the left or the right sides of any book and allows easy flipping of pages. Accommodates any thickness of paper and, when folded, can be used as a bookmark. Molded of strong, transparent plastic. Dimensions are 3/4" x 5-1/4" closed length. Nine inches long when open.

MA73230 (pkg of 2) 12.95

Reading & Writing Aids

Read & Relax with these Versatile Products!

H. Levo™ Bookholder Stand

The word “Levo” is a Latin word meaning to raise, lift up, relieve or ease. These are the exact functions the Levo™ BookHolder will provide for years to come. With 6 unique movements, the Levo™ BookHolder brings your book to you while removing the stress of an arched neck or fatigued hands. From 5 lb. novels to lightweight paperbacks, the Levo™ BookHolder’s revolutionary design and sturdy construction can hold it all.

LH1001 188.50

I. Levo™ Bookholder Desk Model

The desk model offers 5 unique movements to place your book in a comfortable, ergonomic reading position .

LH1002 89.50

J. Light Voyager Book Light

The 10,000 hour life fluorescent lamp of this book light runs on 4-AA batteries (*not included*). Or use the optional **AC/DC Adapter** and never need batteries.

LH1003 31.95
(for AC/DC Adapter add 9.00)

FAR SUPERIOR TO A CLIPBOARD!

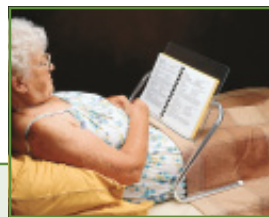

K. Sta-Board Writing Aid

The Sta-Board Writing Aid securely holds a piece of paper up to 14" long and

11" wide. Constructed of a rigid steel plate with a smooth, hard plastic coating. Provides a great advantage for writing at any angle while in bed or on a cushion. The flexible magnetic strips hold the paper in place. A plastic channel on one of the magnetic strips can be used to hold a pencil or pen. The left side of the plate has a raised edge to align and keep paper straight. A handle slot at the top allows for carrying or hanging up on a hook.

MA73505 32.95

To Order Call 1-888-833-8875 or Visit www.elderstore.com

L. Adjustable BookMate

The BookMate is useful for people who experience weakness, circulatory issues or hand limitations. It can be used over your lap, on an easy chair, sofa, at a table, as well as propped in bed. Made of tubular aluminum with a clear plastic book holder. Adjustable angle and height positioning. The plastic holder is 15 x 10 3/4" with a 2 1/4" ledge. The frame can be adjusted from 16" to 17 1/2" high and from 18" to 22" wide.

Household Aids

reach and grasp

A. Easy Reach Seat Belt Handle

The Easy Reach Seat Belt Handle offers a flexible extension to allow an easy reach of the seat belt while decreasing shoulder extension. The handle length is approximately 5.5" long. Overall length is 9.25" with a glow-in-the-dark material for high visibility at night. Latex free.

KE21100 10.95

B. CarCaddie

The CarCaddie offers a helping hand getting in or out of a vehicle. The contoured buckle is ergonomically designed for easy attachment and height adjustment. Also has a cushion comfort grip!

ST2080 16.95

C. Car Slide

The Car Slide aids individuals who have difficulty positioning on a car seat. The waterproof nylon top reduces friction and

allows a person to smoothly turn and get into or out of a car, bed or chairs. Measures 30"x3.5" and weighs 1 lb. 9 oz.

MA70406 88.49

D. Matey Folding Reacher

This handy reacher folds to a length of 12.5". Can be carried in a pocket or a bag. 22" long and weighs just 6 oz.

MA75950 26.95

E. The HandyBar

Assists with getting in and out of your vehicle. Inserts into the door latch. Use in conjunction with the CarCaddie.

ST3001 49.95

F. Deluxe Swivel Seat Cushion

This cushion enables individuals to swivel while in a seated position and helps with exiting vehicles easier. Cover is removable and machine washable. Measures 15" in diameter. Weight capacity 300 lbs. Available in camel, brown, grey or fleece.

DM1994 24.95

G. Locking E-Z Reacher

The flexible rubber cups of the E-Z Reacher offer secure and easy grasping of a wide variety of objects from a dime to a liter of water. Features a large jaw opening. 30" long.

INC5051 32.95

H. 18" Ergonomic Plastic Reacher

This lightweight reacher with rubber cushion tips is designed with an easy-to-use handle. The 3.5" jaw opening rotates for use horizontally and/or vertically. The magnet in the handle can also pick up light metal objects.

DM1777 13.95

Unique solutions to assist with everyday difficulties!

**TO ORDER CALL
1-888-833-8875**

H. Door Knob Extender

This 5" extension handle converts a door knob into a door lever for people with limited hand function. A cord or string can be added to the slot in the handle for people with limited reach capabilities. Easy to install. For left or right handed use.

MA75416 (pkg of 2) 15.95

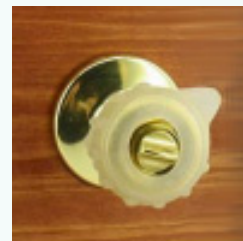

I. E-Z Open Door Latch

Ever find yourself struggling to open that little push latch handle on your screen or storm door? The E-Z Open Door Latch is a simple, affordable solution to this problem. Makes opening doors easier. The black, molded polymer, push disk works on most common screen and storm door handles. Easy to install.

KE21203 7.95

Fits over these common screen/storm door handles!

J. Door Knobble

A door knob cover that converts a slippery handle into one that is easier to hold and needs less effort to turn. Softens in warm water for easier installation. Use on any round door handle.

INC4304 (pkg of 2) 8.95

K. Wall Light Switch Extension Handle

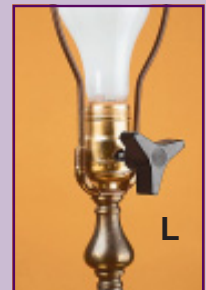

The Wall Switch Extension Handle puts wall switches within easy reach of children, wheelchair users or people with limited reach. It provides a 12" extension to any standard toggle switch. Screws and bushings are included. Made of molded clear plastic. Dimensions: 14" x 1.75"

MA75414 (pkg of 2) 10.95

L. Lamp Switch Knob Enlarger

Large, hard plastic, three spoke knob creates more leverage for turning lamp switches on and off. Screw on to replace the existing lamp knob.

MA754146 (pkg of 3) 16.95

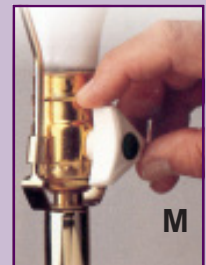

L

M. Lamp Switch Knob Enlarger

The Lamp Switch Knob Enlarger makes switches easier to turn on and off. Fits over most standard lamp switch knobs. Easy to install.

INCEN23 (pkg of 2) 5.95

M

N. Hole-In-One Key Holder

A must for those with Arthritis or limited hand function!

For people with limited hand mobility, this key holder provides several different grasping positions which facilitates good control and leverage. The handle can be grasped in two ways, either with the fingers inserted through the hollow center, or around the outside. One or two keys fit into the slots and are held by a single screw. Holds house door keys as well as most car keys. The keys fold back toward the inner curved side of the holder. Has a hole for a wrist strap, key chain, key ring or for hanging on a hook. 5" long.

MA75412 6.95

A. No Touch Infrared Trash Can

Hands free and step free! This innovative battery operated trash can opens the lid when hand movement is detected. Heavy duty stainless steel body with a chrome plated ABS plastic lid. Manual open/close switch, removeable sturdy plastic bucket with handle. Requires four D batteries (*batteries not included*). One year limited warranty. Two sizes: 8 gallon and 11 gallon.

ALL10930 (8 Gal.) 97.95 ALL10942 (11 Gal.) 108.95

B. SweepEZE Automatic Touchless Vacuuming Dust Pan

Picks up trash and debris without effort! The SweepEZE eliminates bending over with a dustpan to pick up debris after sweeping. The patented *EYE-VAC* technology allows the user to simply sweep debris up to the unit where it is automatically sucked up. Easily transportable. Measures 16 1/2" x 9 1/4" x 7" with a 69" cord. Unit weighs 8 lbs.

INC3057 89.95

B. Swiveling Household Scrubber

Proves to be exceptional for non-strenuous cleaning. It allows a person who is restricted in movement to reach even the toughest of places. The 23" long handle is ideal for a myriad of household chores. The replaceable 3 3/4" sponge has a scrubbing surface on one side. The sponge swivels for maximum cleaning capability. Each order comes with a two pack sponge replacement.

MA75311 12.95

C. Self Opening Long Loop Scissors

Great for arthritic hands! These self opening scissors have a long handle to allow full hand strength when cutting, stainless steel blades and a hard plastic tip cover that protects the blades and keeps scissors shut.

MC900RH (right handed - blue) 9.95

MC900LH (left handed - green) 9.95

D. Rolling Paper Cutter

Roll your way through most kinds of paper. Ideal for arthritic hands. Glides through paper with the slightest of effort.

Shoe, Sock & Stocking

No more bending
to put on socks,
stockings or shoes!

Created for people who cannot bend over or raise their legs!
Lightweight and easy to handle!

Recommended by
Occupational Therapists!

A. Rigid Formed Sock Aid w/ Foam Grips

The Rigid Formed Sock Aid is made of a plastic material that doesn't "give" in order to hold its shape while allowing the sock to be pulled on. The foam grips make grasping easier.

KE32002 14.95

B. Deluxe Sock and Stocking Aid

Features a contoured plastic sheet that is rigid enough to keep the stocking open, yet flexible enough to bend around the heel. Nylon covered inside and terry cloth covered outside create less friction on the leg. Hand washable.

MA73852 14.95

C. Sock-N-Shoe Aid

The funnel cone shape shoe aid features 18" handles to control the sock aid while donning socks and compression hose. Pull the sock onto the cone, lower it to the floor and with your foot turned and tilted slightly, insert your foot and pull the sock on.

KE32021 22.95

D. Heel Guide Compression Stocking Aid

This is an easy way to put on compression hosiery. Tested on compression stockings up to 30 - 40 mmHg. Lightweight, extra wide and extra long handles. Easy to assemble.

MA73855 29.95

E. EZY Sock Helper with Handles

The EZY Sock Helper allows you to put on socks, stockings, knee-highs, panty hose and compression stockings, up to 30-40 mmHg, without bending or stretching. These sturdy helpers are made of steel covered with a smooth plastic coating.

MA73854 32.95

F. Double EZY Sock Helper

Put two on at once! The Double EZY Sock Helper allows you to put on socks, stockings, knee-highs, panty hose and compression stockings, up to 30 - 40 mmHg, with both feet at once.

Kitchen & Dining Solutions

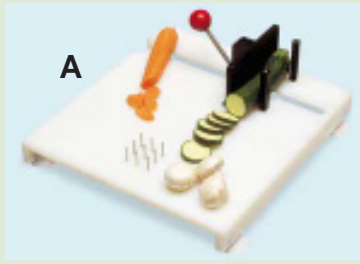

Aids for independence and manageability in the kitchen!

Dimensions: 16 3/8" long.

A. Fix Preparation Board

This kitchen device is a tremendous aid for people who have the use of only one hand or for people with weakness in both hands. Adapts to left or right hand use. Sits firmly on four anti-slip feet and comes with suction pads for fitting if necessary. The clamp allows items of various size and shape to be held securely. The board is 12.25"x11.50" and sits up off the counter 1.25". Dishwasher safe!

INC399579.95

Provides extra control when preparing food!

B. The SoloGrip™

The SoloGrip™ is a revolutionary design that makes it easy to open jars and bottles with one hand! It accommodates a wide range of shapes and sizes from medicine bottles to two liter bottles. This jar opener was designed to fit into a standard kitchen drawer for hidden access and storage, but most of all for better leverage. The non-slip base also provides a secure grip on counter tops. The SoloGrip can be used in conjunction with other lid turning openers such as our Maddagrip Jar Opener.

KE17142 32.95

C. Spill Not Jar and Bottle Opener

This bottle and jar opener is unique and different from the normal jar openers. It features three inverted rubber cones to fit different sizes of bottles or jars. Nonslip rubber feet hold it steady. Securely holds the jars or bottles upright enabling opening with one hand.

MC1511 19.95

Great for people with Arthritis!

F. PurrFect Opener

The PurrFect Opener is a handy, cat shaped, opening device that is safe, quick and easy to use. The product will grip medicine caps, open aligned-arrow caps using the cat's head, grab the cotton from inside the bottle with the cat's tail, pierce individually wrapped pills with the cat's ears, push individually wrapped pills into convenient pockets and split pills effortlessly with the wedge on the cat's back, lift lids out of newly opened cans, open envelopes and has a magnet for convenient storage.

KE11725 11.95

D. Maddagrip Jar Opener

The soft shape allows you to effortlessly open anything from small vials to large jars without slipping! Hold the Maddagrip over the jar top and twist.

75358 (pkg of 2) 10.95

E. Boxtopper

Unique tool that easily opens boxes with those difficult punch outs at the top. Just insert the Boxtopper and lift open the box tops. No more broken nails or cuts from using a knife!

MA75337 6.95

Call 1-888-833-8875 to order unique products designed to help you maintain independence while cooking in the kitchen!

G. TKO Turning Knob

The TKO Knob can be used in a work or home environment on any control knob or appliance handle. When the turner is pressed onto a knob, the pins contacting with the surface retract,

while the remaining pins surround the knob for a secure grip. Measures 2 1/4" diameter but can grip larger irregular-shaped knobs. The 5 1/4" long T-shaped handle is ergonomically designed for ease of operation. This turning device is great for people with limited hand mobility and Arthritis!

MA75310 17.95

H. Pot & Pan Holder

Hold a pan in place while stirring with one hand. A wide spread suction cup base creates greater stability and keeps the suction cups further from the heat than narrower based models. Plastic coated steel. Measures 16" x 4 1/2".

MA75343 9.95

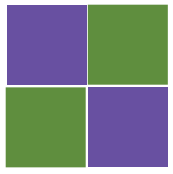

I. Vegetable Brush with Suction Cup Base

This all nylon bristle brush is built into a heavy duty plastic base with two suction cups to hold the brush in place.

KE17035B 9.95

*Forgot to take your pills?
...Get organized!*

Medication Organizers

A. Med-Time Medication Reminder & Dispensing System

This innovative medication reminder is a must have for those who forget to take their medication. Fill and program to remind and dispense medication from one to four times daily. At designated, programmed times, the Med-Time will dispense medication by rotating to the correct day/time compartment. It sends a signal that it is "time to take your pill" by emitting a 15 second beep which will repeat for up to 30 minutes or until the medication is removed from the dispenser.

MT605 232.95

Nitro Keychain Pill Fob with Mini Container

B. This keychain pill fob holds 8 nitroglycerine tablets in a mini bottle contained inside the pill case. An "O Ring" seal keeps medication air tight and moisture free. Silver pill case is 1.5" long and .5" in diameter.

HA67286 7.95

C

C. The Countdown Medication Reminder

Numbered from 1 to 31, this organizer will allow you to sort pills for an entire month. Holds up to 24 aspirin size tablets. 11.25" x 3.5" x 1.25"

HA67772 9.95

D

D. Remind n' Time Organizer

The Remind n' Time provides a timed reminder for weekly medication. The timer can be set at 1 to 12 hour intervals. The alarm sounds when it is time to take your medication. 7" x 1.5" x 3/4"

HA67414 13.95

E

E. Prescription Vial Cap Opener

This handy tool removes the outer cap from medication bottles. Made of stainless steel with an easy to grip handle.

HA67933 9.95

F. OralFlo Pill Swallowing Cup

This is the perfect solution for anyone who has difficulty swallowing pills. The cup is designed to work with your natural reflex. Simply place a tablet or pill in the spout and take a sip. The pill washes down with the water.

Special Needs!

Better Pant™

*Urology Leg Bag Holder Unisex Undergarment
For External Collection Systems*

Better Pant™ is a urology undergarment that is a superior replacement to the traditional leg bag straps. The **Better Pant™** has an internal pouch that holds the leg bag, tubing and catheter securely in place. With traditional leg bag straps the circulation in the lower leg may become constricted which then can cause open ulcer sores. By eliminating leg straps these negative effects will be eliminated as well. **Better Pant™** offers the user a higher level of physical activity without the fear of the leg bag slipping. The internal pouch will conceal and hold a 500ml or 1000ml bag securely in place. Ambulatory, as well as quadriplegic, paraplegic and other non-ambulatory individuals have used **Better Pant™** with comfort and security. **Better Pant™** is *skin friendly, comfortable and easy to use*. Women can use **Better Pant™** too! Available in black, gray or white.

BUCK1006 31.95

F

F. The Miff Vest

This vest is a unique sling that takes the pressure off the neck and back and supports the weight of an impaired arm. The horizontal miff pocket is open on both ends allowing the wearer to reach through the pocket and place his/her arm within the support. Two large pockets provide a place to carry necessary items. Machine washable cotton/polyester.

Closes in the back with two hook and loop fasteners. Available in khaki and navy blue. Sizes SM (100-125lbs), MD (125-150lbs), LG (150-200lbs), XLG (200-250lbs) and XXLG (250-300lbs).

MV100 (specify color and size) 74.95

A. Activity Apron

Bright colors and texture variation provide visual and tactile stimulation; threading shoestring and buttoning buttons aids in the improvement of fine motor skills. Center plastic pocket holds a photo. Secures like an apron around the waist. Machine washable.

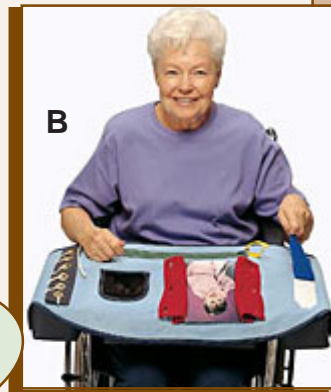

PO7400 38.95

B. Happy Hands Overlay

Provides motor/sensory stimulation for individuals with diminished cognitive function. Contains the same activities as "A" above. Designed to attach to a lap cushion or tray with hook and loop.

PO7410 29.95

C. Wander Door Alarm

This door alarm is a low cost, effective way to alert you or a caregiver to a wandering family member. The alarm unit is secured on the wall next to the door with hook and loop fasteners, which are provided. The switch that looks like thin, flexible tweezers is inserted between the door and the door jam. When the door is opened, the tweezer like arms separate, activating the alarm. The 110 dB alarm can be heard above conversation and appliances. Uses one 9V battery (*not included*). The unit is 2/5" x 2" x .75."

INV74851 22.95

D. Velcro® Alarm Belt Sensor

This sensor can be used on most wheelchairs to signal when an unassisted chair exit is about to take place. Uses hook and loop fasteners and utilizes conductive fabric as a switch mechanism for sensing open or closed belts. Not machine washable.

C. Automatic Swing Door Opener

*No fussing with keys. No struggle to turn a door knob.
No struggle to try to back up while opening the door.*

Place this on any inside or outside door in your house for the ultimate in easy wheelchair or scooter accessibility! With just a press of a button the door will open. Works on doors up to 90 lbs.

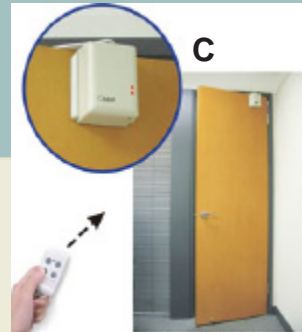

The **SL50DM** is the **standard package** and is ideal for inside doors that don't need locking. It comes with the swing door opener, key chain remote, AC adaptor, and mounting accessories. Door can still be opened manually in the case of a power outage.

The **SL100DM** is the **magnetic locking** version of the standard package. In addition to the two standard pieces, it includes an electromagnetic lock. The lock ensures that the door can not be opened manually without the remote, with the exception of a power outage. This is perfect for interior doors that need to be kept locked.

The **SL150DM** is the **ultimate locking** version. An electric strike lock allows the door to be locked with the original key to override the swing door opener. Provides the utmost in security and is ideal for exterior doors. The electric strike should be professionally installed.

Accessories are available to be used with any of these door opening systems. Mix or match these products to fit your specific needs.

WHEELCHAIR & SCOOTER RAMPS

Track Ramp

In need of a ramp to get your scooter or wheelchair into your vehicle? The Telescopic Van Ramp is made up of two single ramps that can be easily set apart to the specific width to accommodate a variety of scooters and wheelchairs. The ramp extends to 3', 5' or 7' lengths and has a maximum rise of up to 20-1/2". The sturdy design allows it to support weights up to 600 lbs. Comes with an extra safety bolt attachment.

EZR2000 366.95

3-Foot Roll-Up Ramp

Need a more portable solution to scooter or wheelchair accessibility? Then the 3-Foot Roll-Up Ramp is for you! This lightweight collapsible ramp proves to be both easy for transport and beneficial for increasing accessibility into non-accessible places. The 3-Foot Roll-Up Ramp can hold up to 600 lbs. of weight. When you are finished using it, just roll it up and slide it into its convenient carrying case. The carrying case comes with a hand strap for easier traveling. The total weight is 16 lbs. When folded it has a 6" diameter. It is 30" wide and extends 3' long. Includes 2 aluminum side rails.

EZR3L 224.95

The Tri-Fold Ramp

Can be used to assist both scooters and wheelchairs with entering and exiting a vehicle. Also, when placed over steps it can be used to enter and exit a building. It has a unique 3-fold design that provides compact storage and portability. Its aluminum structure can withstand weight up to 700 lbs. Also features a durable, non-skid driving surface for the utmost in ramp safety! Available in four sizes. 6', 7', 8', and 10' lengths.

911 Guardian Phone

Talk directly to a 911 Emergency Operator at the push of a button! 911 Guardian Phone saves precious time in

the case of an emergency situation, accident, fall, illness or danger. Once the button is activated, the call goes directly to a 911 Operator and someone is speaking to you within seconds. Pendant can be worn around the neck, clipped to a belt, or carried in a pocket at all times. The base station connects to any phone outlet and electrical outlet in your home.

***No monthly service fee**

Additional Features:

- Pendant does not need recharging. Requires one alkaline battery that lasts one year in standby or for up to 30 minutes of talk time.
- Pendant is splash resistant.
- Included duplex jack allows a second phone to be used on the same phone outlet.
- Includes: AC adapter, seven foot phone cord for the base unit, AAA alkaline battery, lanyard with quick detachment clip, belt clip, instruction manual
- One year limited warranty

PIN911 179.95

Telemergency Pro

Affordable emergency alert device that is easy to use and connects to your phone. When the button is pressed 911 and 5 phone numbers of your choosing are

dialed and sent a customized prerecorded emergency message. Once someone answers the call, the other calls are terminated. It allows for peace of mind knowing that with one touch of a button help is on the way.

***No monthly service fee**

Enhancing Accessories:

The **Pendant** is one of the many ways we have to keep you and your loved ones safe and protected. Worn around the neck it allows the user to move freely around the home

while still relying on the safety and security that the Telemergency Pro offers.

The **Entry Alert Module** has the ability to sense the presence of a vehicle as it passes or pulls up in your driveway-within fifteen feet of the sensor. When the sensor is activated, the wireless chime alerts you with a “ding dong” and dials your preset numbers when unauthorized entry is detected.

The **Water Alert Module** is used to detect when there is a leak or water overflowing. Place the sensor on the floor and the unit base will be activated.
